

Lyrics

where is the reason?

Where is the reason?
Check the time as you wake,
Breakfast for your own sake
Take the car and sit tight
Through traffic and red lights
Mindless work, money in sight
Get home, kiss your wife
Go to bed and satisfy your life
What am I living for?
Check the time as you wake,
something isn't right
Take the car and sit tight
something isn't right
mindless work, money in sight
get home, kiss your wife
something wrong with your life
Who am I?
Be what you desire
build your dream on fire
they talk, don't listen to lies
change your path and open your eyes
Do you know what you're leaving behind?
Repeat after me
I am free
back to your duty, your family
I am free
work, taxes, economy
I am free
Clothing, technology
I am free
cars, petrol, responsibility
no, I am free
I get home, kiss my wife
go to bed and change my life
