

Lyrics

buongiorno principessa

Buongiorno principessa,
Today I woke up again
Everything's spinning around me
Don't want to breathe anymore
The days are already gone
still looking for a place
a place I can call home
where I can sing to you again
I'm going to leave your lips
burning like fire
I'm going to live in your arms
my life entire
I'm going to leave your lips
burning like fire
I'm going to in your hips
my life entire
My fingers keep asking me
where have you gone now
I feel completely empty
now the summer has gone
I want to fall asleep
within your beautiful eyes
I want to see you smiling
I want to feel you're with me

I'm going to leave your lips
burning like fire
I'm going to live in your arms
my life entire
I'm going to leave your lips
burning like fire
I'm going to in your hips
my life entire
Buongiorno principessa,
now where have you gone?
everything's spinning around
me
now the winter has come
My fingers keep asking me
are you awake again?
I want your skin with me
I want to breathe again
I'm going to leave your lips
burning like fire
I'm going to live in your arms
my life entire
I'm going to leave your lips
burning like fire
I'm going to in your hips
my life entire
